

# B generous

---

The **Bucket Project** is a month-long initiative for Hebron Baptist Church to assemble In-Home Care Kits through Baptist Global Response. In-Home Care Kits are a collection of medical and hygiene supplies provided to assist caregivers who are taking care of home-bound, terminally ill patients in sub-Saharan Africa. The In-Home Care Kits consist of a 5-gallon **bucket** containing items that will make life easier and less painful for terminal patients.

## WHY SHOULD I GET INVOLVED?

By putting together at least one kit, you will help us provide a physical and spiritual touch to those in sub-Saharan Africa who are dying from AIDS and other illnesses. Our own International Mission Board missionaries in Africa, whom we support through the cooperative fund, will distribute the buckets in a way that gives dignity and hope to each family receiving a kit.

Currently, there are over 22.5 million adults and children who are living with the HIV virus in sub-Saharan Africa. In addition to the HIV/AIDS crisis, thousands in sub-Saharan Africa die each year from sicknesses like cancer, tuberculosis, malaria and other life-ending diseases—and often the only care they will receive is at home.
