

Why is the church the best instrument for tackling huge problems?

1. The Participation Level

- There are over 2 billion people who claim to follow Jesus Christ.
- On a given weekend over 100 million people in the U.S. attend church.
- That's more people than will attend sporting events throughout the year.

2. The church is everywhere in the world.

- You can visit hundreds of villages around the world and they may not have a hospital, school, post office or government building but there will be a church.
- The Red Cross noted that 90 percent of the meals served to victims of hurricane Katrina were actually cooked by Southern Baptists.

3. The church is not a fly by night operation.

4. The church provides the greatest motivation.

5. The church has the strongest authorization.

6. The church provides the simplest administration.

7. The church knows the conclusion.
