

HEBRON WELCOMES GRTA PARK AND RIDE

On June 20, 2011 Georgia Regional Transportation Authority (GRTA) will begin using the orange parking lot behind the cemetery on the Hebron property to provide park and ride services to the Dacula community. Hebron's Land Use Team agreed to lease the lot to GRTA for this purpose. GRTA will run Xpress buses from this parking lot Monday through Friday. For detailed information about GRTA Xpress, go to <http://www.xpressga.com/>.

This is a great opportunity for Hebron to support our community, gain more exposure in the community and minister to those who will be using our lot for park and ride purposes. Because the service will only run Monday through Friday, it should not interfere with the ongoing ministry at Hebron. Rather, it makes use of parking resources that would otherwise be used very little (if at all) during the week.
